marHaba Raneem,

We're delighted by your interest in **conversational lessons**!

Just to clarify, the conversational level is designed for students who already know Lebanese Arabic and want to practice, or for those who have completed all of our prepared levels and wish to continue. **This level requires prior knowledge of the language.**

You mentioned in your notes that you need some flexibility in your schedule. While our school generally works with fixed lesson times to avoid overbooking between teachers and students, we do have room for flexibility with our teacher **Adon**. You and Adon can coordinate directly to decide on the times that work best for both of you.

Please note that all our regular rules and regulations still apply, you can find them in the link below.

If you're interested, I can introduce you to Adon in an email thread so that you can both share your availability and set a date for the first lesson.

If this option doesn't work for you, I'd be happy to share our list of fixed slots so you can choose what suits you best. To help you plan, here are the pricing details for your chosen lesson type:

Single Conversational Lesson: \$23/hour. (First lesson for 15\$)

Discounted Special Packages: Book 8 lessons + 2 allowed absences for a discounted price of \$165!

Discounted Yearly Packages: Book 40 lessons+ 12 allowed absences for a discounted price of \$825, and get 2 Free group specialized classes per year!

Prices are in USD.

**Our first trial lesson is for 15\$.** If you are interested in booking, kindly inform me so I can provide you with the proper coupon code. No payment will be made before agreeing on a schedule.

Here's our website, with a link to the Frequently Asked Questions so you know more about them:

Ready to start this enriching journey with you!

Please let me know if you have any questions.

Salam,  
Naim

Good morning,

Thank you for getting back to me so quickly!

To clarify the situation, I do already know Lebanese Arabic but I am looking for opportunities to practice. However, I am unsure if the lessons are correct for me and my situation (both with my Arabic skills and my university education). But I am still interested in the trial lesson to get more information. If it is possible, I would like to have a trial lesson before committing.

Let me know about any future steps!

Kind regards,  
Raneem
